For example, you can choose **one student assembly** for the entire school and **one special session for student leaders or for parents**. Another possibility is have one presentation for the High School and one for the Middle School.

For the past 3 decades, Mike Domitrz has been leading students, staff, faculty, parents, and community members in high energy, interactive sessions which provide specific how-to skills for creating a culture of respect. Mike's most requested session is the **"SAFER Choices" Assembly** which is 45 to 60 minutes in length. When schools bring Mike back the following year, they often have him present his more advanced program titled the **"Let's Talk"** Assembly for the upper grades who heard Mike speak the year before. The **"Can I Kiss You?" ebook** will be available for every student to download.

If you would like Mike to provide more than the included 2 programs, each program after the first 2 sessions is an extra 1.5k per program. ***The best value is the "Ultimate Day of Programs" option below.***
