Before we get started, please raise your right hand. Now with that hand, grab your cell phone . . . and turn it to vibrate – so that we can start the program. All OTHER electronics must be turned off – including computers. Thank you.

Today's show will involve the discussion of intimacy and relationships. While lots of the show will be fun, there will also be serious matters discussed. For example, you will hear today's speaker address the very serious crime of sexual assault. For this reason, if any part of the program makes you uncomfortable, counselors will be available at the back of the room to talk with at any time during the program. To help students from becoming overwhelmed with the seriousness of the topic, humor is woven throughout the program. The humor is never at the topic of sexual assault. Most of the humor is included to highlight dangerous myths. Today is designed to make us think, have honest conversations, strengthen our respect for others, gain new skills, and have some fun along the way. Now, let's get started . . .

Get Ready!! When it comes to dating in high school (or middle school – if speaking to middle school students**), do you have friends who could use some help? Then today is for you.**

As the Founder of The Center for Respect, our guest speaker has produced 2 critically acclaimed books, a FUN T-shirt line, and spoken on 5 continents to TENS OF THOUSANDS of people EACH YEAR. On TV & Radio, he has appeared in over 40 shows – including being on "Dateline NBC." In 2022, he was inducted into the National Speaker's Association Hall of Fame.

Introduction for Mike "Dom ish"

Today's show will involve the discussion of intimacy and relationships. While lots of the show will be fun, there will also be serious matters discussed. For example, you will hear today's speaker address the very serious crime of sexual assault in this program. For this reason, if any part of the program makes you uncomfortable, counselors will be available in the following Zoom Room at _____ (*please create a Zoom Room or a similar concept where students can go if they are triggered in any manner).* To help students from becoming overwhelmed with the seriousness of the topic, humor is woven throughout the program. The humor is never at the topic of sexual assault. Most of the humor is included to highlight dangerous myths. Today is designed to make us think, have honest conversations, strengthen our respect for others, gain new skills, and have some fun along the way. Let's get started . . .

We will be monitoring the Chat at all times, and we expect the following guidelines to be followed:

- All comments in the Chat are to be respectful at ALL TIMES.
- No mocking of or joking about sexual assault or sexual violence of any kind will be tolerated.
- All comments in the Chat are to be only about the topic our speaker is discussing. No other topics should be discussed – not video games, not gossip.
- No comments should ever include the names of any other student – unless you are cheering on a student who is a volunteer during this program and/or respectfully praising a student.

If you violate any of these rules, you will be kicked out of this session and your homes will be contacted to discuss your behavior in the Chat. We want today to be a fun and positive experience for everyone.

Now, let's get started . . . (the rest of the Introduction is on the following page).
